

2 November 1966

MEMORANDUM TO: Deputy Chief/CI

SUBJECT: Visit of Mr. ZUBER  
of the BND

1. In April 1966 you approved the Subject visit with the recommendation that the briefings be conducted with reservations due to the background of Mr. Zuber. [ ] approved and noted the recommendation for caution.

2. On 26 October the attached pouch, containing Zuber's notes, was brought to my attention. Because of the nature of the content, I forwarded the dispatch to [ ] for his comments. It is clear from his comments that [ ] and/or the German Branch paid no attention to your recommendation for caution.

3. My first reaction was to send this to [ ] [ ], via [ ] of OA, and have it properly sterilized and coordinated with the Staff prior to release. However, after thinking this over, I feel that this blatant disregard for instructions should not be handled without reference to approving authority.

4. This is not an isolated incident. I find, in reviewing visitors' notes, an increase in the passing, either in writing or orally, of material which should not be disclosed to foreign visitors.
